

## EasyReach™ Cleaning Pads

### Knitted polyester pad

The pads for the EasyReach Cleaning Tool use a multi-layer quilted polyester fabric construction to form a clean, strong, and more absorbent pad. The multi-layer pad provides superior sorbent capacity of solvents by trapping fluid between the fabric layers and provides excellent surface contact. No edges are exposed making them extremely low in particles and fibers. These pads are abrasion and chemical resistant. For best results use saturated with a suitable solvent or disinfectant.

The EasyReach pad is laundered in an ISO Class 4 cleanroom.

Available sterile.

### Features & Benefits

- Rounded tool edges and strong, durable, multi-layer pads ensure equipment is not damaged during use
- All components are designed to be chemical resistant, minimizing the risk of contamination from degradation
- Sorbent multi-layer Quiltec sealed edge polyester cleaning pads ensure particles and fibers are minimized
- The polyester cleaning pads leave no unwanted surface residues
- Sterile version is double easy tear bagged, to preserve product integrity, even gloves are easy to tear

### Performance Characteristics

#### Product Information

Cover material	100% knitted polyester
Construction	Multi-layer ultrasonically quilted; sewn
ISO Class	4-8
cGMP Grade	A/B - for sterile version, C/D - for non-sterile
Compatible Mop Frames	2685, 2665SF, 2665LF
Shelf Life	For Sterile Products: 2 years from manufacturing date

## Technical Data

Attribute (units)	Typical Value*	Test Method**
Basis weight; (g/mop)	20.4	CTM004-03
Sorbent capacity; (mL/mop)	63	CTM004-03

- \*Notes
- a) The data shown are typical values and should not be used as product specifications.
  - b) Valid product comparisons may only be obtained through side-by-side testing in the same test facility, under similar conditions.
  - c) Current and/or comparison data may be available. Please contact a Contec sales representative for details.

\*\*Test Methods:

- 1) CTM – Refers to Contec Test Method
- 2) IEST-RP-CC004.3, Evaluating Wiping Materials Used in Cleanroom and Other Controlled Environments, Institute of environmental Sciences and Technology, Rolling Meadows IL.

## Products

Part Number	Description	EA/OB1	OB1/OB2	OB2/CS	EA/CS
MEQT0001SZ	EasyReach Cleaning Pads, quilted polyester, 2.75" x 7.75" (7 x 20cm)	4	1	15	60
MEQT0002SZ	EasyReach Cleaning Pads, quilted polyester, 2.75" x 7.75" (7 x 20cm), sterile	4	1	15	60

## Additional Information

For Sterile products, Sterility are Validated Sterile by Gamma irradiation to a Sterility Assurance Level of  $10^{-6}$  according to ISO11137:2013 Guidelines  
 Contec holds ISO 9001:2015 registration. Additional Product information available at [www.contecinc.com](http://www.contecinc.com).
