

SATWipes® SAT-C3-7030 Wipes

Saturated nonwoven polyester wipes in center-pull dispenser

Description

The SATWipes C3 consists of a roll of saturated wipes that are dispensed through a convenient center-pull canister with a pop-up dispenser. The wipes consist of 100% nonwoven polyester fabric that is hydraulically entangled creating a soft, durable, and clean wipe. The saturation of 70% alcohol and 30% deionized water provides a safe, consistent, and mild cleaning solution. Eliminates solvent bottles, reduces solvent handling, and reduces solvent use by up to 35%. Refill rolls are available so the dispenser canister may be re-used.
